

When compared to a walk-behind-scrubber this machine is twice as productive. What is even better—the Chariot will not cost you a penny more than the traditional scrubber you are using now. This is the next-generation of stand-on cleaning equipment developed from our years of expertise as the innovators of the stand-on cleaning segment. This model features an 26 inch wide scrub path for making quick work of your scrubbing needs. Scrubber Performance • Patented Aqua-Mizer system increases productivity while it reduces water and chemical consumption • EcoMode and EcoPlus mode (great for grouted areas) increase productive cleaning time by offering a quieter, less intrusive “day cleaning” mode • Highly productive at 27,639 sq. ft/hr • Optional chemical metering system with adjustable dilution rate Real World Usability • Quiet 66 dBA in EcoMode allows for daytime cleaning • Clear, simple control panel significantly reduces training time and produces more consistent results • Available with productive battery pack exchange system • Maintenance-friendly scrub deck • EcoMode optimizes productivity by lengthening run times between recharging • On-board charger available with AGM or wet-cell batteries • Automatic adjustment squeegee Chariot Advantage • Productive stand-on design allows you to get more done with the same size staff • Reduced operator fatigue means increased productivity • Design and size that provides remarkable maneuverability, and best-in-industry 360° visibility • Fits easily through a standard door and into any elevator • Get a quick return on your investment with prices comparable to other similar sized machines • A step ahead of the competition, we developed the Chariot line as the first stand-on cleaning machine over 10 years ago and have continually refined and expanded our offering. No other manufacturer’s offering can compete. s easily through a standard door and into any elevator • Get a quick return on your investment with prices comparable to other similar sized machines • A step ahead of the competition, we developed the Chariot line as the first stand-on cleaning machine over 10 years ago and have continually refined and expanded our offering. No other manufacturer’s offering can compete.

Step-on scrubber driers
