

KM 75/40 W Bp battery-powered, walk-behind sweeper with traction drive for effective dust pick up. Further technical details: Drive: > 400 W DC motor > variable sweeping speed: 0 - 4.5 km/h sweeping system: > overthrow system > side brush changeover without the need for tools > side brush lifting/lowering > main roller brush changeover and adjustable without the need for tools Filter system: > polyester flat pleated filter (filter area: 1.8 sqm) > effective mechanical filter cleaning > filter replacement without tools Waste container: > capacity: 40 l > container with rollers, recessed grip and pull-out trolley grip Operation: > EASY Operation Display > height-adjustable push handle > traction drive and coarse dirt flap controls on push handle > convenient side brush lifting/lowering

Sweepers and vacuum sweepers walk-behind VACUUM SWEEPER KM 75/40 W Bp (with AGM Batteries)

The main parameter

Drive	DC motor
Drive – Power (W)	400
Max. area performance (ft ² /hr)	36328
Working width (mm)	750
Working width with 1 sweeper element (mm)	750
Working width with 1 side brush (mm)	750
Climbing ability (%)	12
Drive	Battery
Weight (with accessories) (kg)	78
Dimensions (L x W x H) (mm)	1430 x 780 x 1180
