

While it is suitable for sweeping large amounts of dust and coarse dirt outdoors, it can also be used effortlessly in heavily furnished indoor areas: our battery-powered KM 105/180 R Bp Classic industrial sweeper is highly adaptable and can be used in a wide range of scenarios. The traction drive and the motors for the roller brush and side brush are fully hydraulic, making them extra robust. In combination with other high-quality components and non-marking rubber tyres, this makes for a low-maintenance machine with a long lifetime. A high-performance pocket filter system is integrated as standard, which is cleaned at frequent intervals via the automatic filter cleaning system, and therefore can deal with extremely dusty conditions easily. Alternatively, there is also a user-friendly flat pleated filter system or a reliable round filter system. The coherent overall concept of the KM 105/180 R Bp Classic is complemented by the simple, intuitive operation using levers, convenient high container emptying and particularly simple maintenance options.

Equipment

- Pocket filter
- Automatic filter cleaning
- Powerful traction drive, Hydraulic
- Adjustable main sweeper roller
- Main sweeper roller, floating
- Suction volume regulation
- Dustpan principle
- Traction drive, forwards
- Traction drive, reverse
- Suction
- Hydr. high dump
- Outdoor use
- Indoor use
- Battery indicator
- Elapsed time counter
- Sweeping function, can be switched off
- Wheels, solid rubber
- Side brush, automatically swings out

Vacuum sweepers ride-on
VACUUM SWEEPER KM 105/180 R Bp Classic

The main parameter

Drive	DC motor
Drive – Power (V/kW)	36 / 2.5
Drive type	Battery
Max. area performance (m ² /h)	6300
Working width (mm)	780
Working width with 1 side brush (mm)	1050
Working width with 2 side brushes (mm)	1300
Battery capacity (Ah)	240
Battery voltage (V)	36
Waste container (l)	180
Climbing ability (%)	14
Working speed (km/h)	6
Filter area (m ²)	6
Weight (with accessories) (kg)	530
Weight, ready for operation (kg)	950
Weight incl. packaging (kg)	530
Dimensions (L x W x H) (mm)	1847 / 1065 / 1388
